http://docs.aws.amazon.com/IAM/latest/UserGuide/id_roles_use_switch-role-api.html

@Dominic it is different than 16191
16191: set a Role on a EC2 instance

My feature is using a IAM Role when calling API.
an AWS Compute Profile contains AWS_ACCESS_KEY and AWS_SECRET_ACCESS_KEY, we should be able to set a IAM role too

#3 - 11/22/2019 10:29 AM - Kavita Gaikwad

- Bugzilla link set to 1719056

#4 - 07/15/2021 09:13 AM - Amir Fefer

- Status changed from New to Closed

we do not expect this to be implemented in foreman in the foreseeable future
