

## Foreman - Feature #1744

### Only display valid certificates by default

07/11/2012 10:08 AM - Greg Sutcliffe

<b>Description</b>	
<p>On my test foreman box, I build a <b>lot</b> of test hosts. Since I use UUIDs, a new cert is generated every time. This means I have about 90 revoked certs and about 10 valid ones, making the certificates page (More-&gt;Smart Proxies-&gt;Certificates) very hard to parse.</p> <p>I think by default we should only show valid certificates to the user, and display pending/revoked certs if asked for by the state filter.</p> <p>A one-line patch to achieve this is attached. Existing tests pass with it, not sure if we need new ones.</p>
