Foreman - Feature #1757

During puppet class import, separation between environment should be clearer

07/17/2012 03:48 AM - Romain Vrignaud

Description

When importing new classes from webui,
separation between environment is really not visible
when there is a lot of changes.

IMHO just a line or a bigger space between environment should be sufficient.

History

#1 - 10/21/2012 07:55 AM - Amos Benari

- Status changed from New to Closed

- % Done changed from 0 to 100

fixed in commit that fixed [#832](#832) - adds parameterized class support.
