

Smart Proxy - Bug #1759

Certificate Signing fails in the UI with latest HEAD

07/17/2012 11:00 AM - Greg Sutcliffe

Status: Closed	
Priority: Urgent	
Assignee: Ohad Levy	
Category: Puppet	
Target version: 1.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
Steps to reproduce:	
Build New VM Git clone Foreman bundle install --path vendor/ db:migrate (I used sqlite3 for speed) start foreman	
install foreman-proxy & sudo setup for certificate signing Add proxy to foreman's proxy page	
create new unsigned cert: rm -rf /var/lib/puppet/ puppet master -v & puppet agent --server `hostname -f` --certname unsigned-thing	
Foreman -> Smart Proxies -> Certificates -> Click 'sign' by 'unsigned-thing' Should fail

Revision ffb0e7d - 07/18/2012 03:41 AM - Ohad Levy

fixes #1759 - puppet 2.7.18 changed puppetca output

which result in adding quotes to the certnames.

this patch should cover both cases (older and newer puppet)

History

#1 - 07/17/2012 11:04 AM - Ohad Levy

- Target version set to 1.0

#2 - 07/18/2012 02:39 AM - Ohad Levy

this looks like an issue with puppet 2.7.18 where the certnames are now quoted.

if anyone could try the following patch and let me know:

```
diff --git a/lib/proxy/puppetca.rb b/lib/proxy/puppetca.rb
