Revision ccc3a646 - 12/13/2016 02:18 PM - Tomer Brisker

Fixes #17627 - remove tooltips after clicking back

Turbolinks will keep the page cached as it is when a link with a tooltip
is clicked, so that clicking back will show the page with the tooltip
still active. This will make sure any tooltips are hidden when a page is
loaded from turbolinks' cache.
