Foreman - Bug #1764

Changing 'entries_per_page' requires restart of foreman to be applied

07/18/2012 07:34 AM - Deniss Dos

Status:	Closed		
Priority:	Normal		
Assignee:	Ohad Levy		
Category:	Web Interface		
Target version:	1.0		
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	
Bugzilla link:		**Red Hat JIRA:**	
Pull request:			

Description

To reproduce:

1. Click More > Settings
2. Find 'entries_per_page' change to a desired value, hit enter
3. Open Hosts > Facts or Reports > $host

Result:
The old value is still used until the foreman is restarted.

Behavior of settings modification should be similar to other settings (i.e setting puppetrun to true doesn't require restart) or at least be mentioned that this change will require a restart.

Revision 272811b9 - 07/18/2012 07:36 AM - Ohad Levy

fixes #1764 changing per_page setting would update only after a restart

this commit changes it back to an area in the code which gets evaluated everytime instead of upon startup only
