Description Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1336486 On creating a new organization via `manage organizations` page, the title of the Context-switching menu changes to 'Any Context' (however, according to the behavior, the context has changed to the newly created organization). Steps to Reproduce: 1. create a new organization using WebUI 2. Notice the Organization dropdown stays at/changes to 'Any Context' Actual results: navbar menu says: "Any Context" Expected results: navbar menu changes to the name of the newly created Org
