Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1345803

Say I have content view "CV-EXAMPLE-1". When it is promoted into the QA
lifecycle, the QA team needs to be notified. It would be helpful if there was
a way I could set Sat6 to send out an email to "list of users" when
"CV-EXAMPLE-1" enters the QA Lifecycle.

History

#1 - 12/19/2016 02:38 PM - Stephen Benjamin

*- Subject changed from Email Notification to list of users on promotion into new lifecycle environment
 to Email Notification to list of users on promotion into new lifecycle environment*

- translation missing: en.field_release set to 114

#2 - 05/31/2018 04:04 PM - Thomas McKay

- Status changed from New to Need more information

- translation missing: en.field_release deleted (114)

Pre/post promote foreman-hooks were added, could that work?

The goal of this is to have them built in, not via hooks.
