Foreman - Bug #18042

Host Compute Resource field does not honor view permissions

01/12/2017 04:21 AM - Timo Goebel

Status:	New		
Priority:	Normal		
Assignee:			
Category:	Host creation		
Target version:			
Difficulty:		**Fixed in Releases:**	
Triaged:		**Found in Releases:**	1.13.3
Bugzilla link:		**Red Hat JIRA:**	
Pull request:			

Description

A user with limited view permissions for compute resources via scoped search can see eight compute resources + bare metal. The compute resources show page lists only three compute resources, which is the correct value.

Expected: The user would only see three compute resources in the select box when creating a new host.

I'm not sure how this was supposed to work, it seems authorized call does not specify any permission
https://github.com/theforeman/foreman/blob/develop/app/helpers/application_helper.rb#L458 to verify. Adding something like "view_#{...}" might help
