Foreman - Bug #1823

Creating a compute_resources_vm needs hypervisor_guests roles

08/14/2012 06:55 AM - Greg Sutcliffe

Description

When creating a VM on a compute resource (say, EC2), you need the *_hypervisor_guests roles in order for the "Virtual Machine" Tab to appear. Since hypervisors are deprecated, this should be changed to *_compute_resources_vms roles.

Found in 1.0.1.
