Pull request:	
Description Could Joyent.com compute resource support be added to Foreman? It is supported by fog: https://github.com/fog/fog/tree/master/lib/fog/joyent Their API: https://us-west-1.api.joyentcloud.com/docs Thanks.	

History

#1 - 09/01/2012 08:14 PM - Sam Kottler

- Status changed from New to Assigned
- Assignee set to Sam Kottler

I am working on this in the "joyent" branch in my personal fork.

#2 - 12/28/2014 11:47 AM - Tomer Brisker

- Status changed from Assigned to New

#3 - 05/20/2017 04:54 AM - Anonymous

- Description updated
- Category set to Compute resources
- Assignee deleted (Sam Kottler)
