

Foreman - Bug #18438

Allow adjusting notification checking period

02/08/2017 05:46 PM - Thomas McKay

Status:	Closed	Fixed in Releases: Found in Releases: Red Hat JIRA:
Priority:	Normal	
Assignee:	matan werbner	
Category:	Notifications	
Target version:	1.16.0	
Difficulty:		
Triaged:		
Bugzilla link:		
Pull request:	https://github.com/theforeman/foreman/pull/4520	
Description		
Checking for notifications every 10 seconds seems excessive.		
At a minimum I'd like a way to increase that period on a per-organization basis.		
Another idea would be to have the time between checks increase with idle activity. Start at 10 seconds but if no user interaction with UI, begin to bump up the interval to some max (perhaps every one minute?). This should be configurable as well.

Revision b8c9069d - 05/15/2017 06:23 AM - matan werbner

Fixes #18438 - control notifications polling

History

#1 - 02/27/2017 09:57 AM - Gail Steiger

I think it would be more worthwhile to implement websockets sooner rather than setting up an interim configuration mechanism.

#2 - 02/27/2017 09:59 AM - Ohad Levy

Gail, websockets is probably not feasible in the near/immediate future
