

Foreman - Bug #18570

Errors in feature boxes of limited use on smart proxy overview page

02/20/2017 09:21 AM - Thomas McKay

Status: New	
Priority: Normal	
Assignee:	
Category: Smart Proxy	
Target version:	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases: Nightly
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
To reproduce, add a working smart proxy then shut it down and visit the overview ui page.	
The error boxes don't provide useful information. Better to make them informative (the first box is for logs, iirc) and still usable in some way.	

History

#1 - 02/20/2017 09:23 AM - Dominic Cleal

- Subject changed from better error messaging on smart proxy overview page to Errors in feature boxes of limited use on smart proxy overview page

Reducing the leading text in the exception messages would allow the root cause to be shown more clearly, it's currently truncated.
