### Description

Issue occur in Debian's 6 foreman package. After I added:

```
gem 'dispatcher'
```

and ran

```
bundle install
```

Foreman starts to work fine. It occur in foreman-1.0.1-1.

## History

#### #1 - 09/16/2012 04:09 PM - Greg Sutcliffe

I can't replicate this issue. Can you tell us more about your setup please? Are you using Webrick, Passenger or something else? if not Webrick, what webserver are you using? What version of Foreman are you on?

Thanks

#### #2 - 09/16/2012 04:37 PM - Dominik Żyła

I'm using Foreman 1.0.1-1 on Passenger 2.2.11 and Apache 2.2.16. Issue occurred after upgrading from Foreman 0.4.

Regards,
