

Foreman - Bug #18679

when clicking on a notification after session expiry nothing happens

02/26/2017 11:02 AM - Ohad Levy

Status: Resolved	
Priority: Normal	
Assignee: matan werbner	
Category: Notifications	
Target version:	
Difficulty:	Fixed in Releases:
Triaged: No	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
Once notification drawer received an 401 Unauthorized event (assuming this is session expiry) future actions should probably be redirected to login page?	
or maybe even we can use this to display a pop over / modal to show the session is in active?
