### Description

One way to reproduce it:
1. Go to subnets
2. Select a subnet
3. Open "Locations" tab

observe the "plus sign" overlapping the "filter" field in the header line of the left control.

### History

**#1 - 04/26/2017 07:24 AM - Dominic Cleal**

*- File Screenshot from 2017-04-26 12-24-23.png added*

**#2 - 05/09/2017 06:45 AM - Tomer Brisker**

*- Status changed from New to Rejected*

The overlapping is caused by setting mark_translated to true, leading to added characters which caused the overflow. Layout is fine with normal settings.
