Description

HI,

I am unable to launch new host, smproxy is running on 11.4 ver, getting below error., Let me know how to fix this issue

tail f /var/log/foreman-proxy/proxy.log
E, [2017-05-19T04:01:43.234565 #22026] ERROR -- : Connection refused - recvfrom(2)
E, [2017-05-19T04:08:09.241089 #22026] ERROR -- : Connection refused - recvfrom(2)
E, [2017-05-19T04:11:24.458295 #22026] ERROR -- : Connection refused - recvfrom(2)
E, [2017-05-19T04:11:52.912942 #22026] ERROR -- : Connection refused - recvfrom(2)

Thanks,

Tarak

History

#1 - 05/19/2017 07:20 AM - Dominic Cleal

- Project changed from Foreman to Smart Proxy

- Subject changed from smproxy failing- Unable to build new host to "Connection refused - recvfrom(2)" error when building new host

- Category deleted (DNS)

- Status changed from New to Need more information

- Priority changed from Immediate to Normal

- Difficulty deleted (hard)

Version 1.11.4 is no longer supported, please try to reproduce the issue on 1.15.0.

Please include the full DEBUG level log from the smart proxy, set the log level in /etc/foreman-proxy/setings.yml.

How did you determine this was DNS-related?

Hi Dominic,

Thanks for reply, I have mentioned Log from proxy.log, Foreman and Puppet server is running individually. after upgrade from 1.9 to 1.11.4 smartproxy ver having below issue.

tail ~~f /var/log/foreman-proxy/proxy.log~~

Version 1.11 isn't supported anymore. Please try to reproduce the issue in version 1.15. Also, when providing log snippets, please provide all relevant log file entries, not just the last 10 lines of the log.

#4 - 05/20/2017 09:05 AM - Anonymous

- Status changed from Need more information to Rejected
