Foreman - Bug #20591

Support for multi-line runcmd cloudinit commands in oVirt

08/14/2017 11:18 AM - Ivan Necas

Status:	Closed		
Priority:	Normal		
Assignee:	Ivan Necas		
Category:	Compute resources - oVirt		
Target version:	1.18.0-RC1		
Difficulty:		**Fixed in Releases:**	1.17.2
Triaged:	No	**Found in Releases:**	
Bugzilla link:	1189813	**Red Hat JIRA:**	
Pull request:	https://github.com/abenari/rbovirt/pull/120		

Description

Currently, the `runcmd` options in cloudinit integration with ovirt don't handle
multi-line items, leading to bad indentation of the resulting cloud-init.

See http://projects.theforeman.org/issues/20590 for request for full
integration with cloud-init in ovirt, as the current set if quite limiting. However,
getting the multi-line support into runcmd is smaller than the full-set cloud-init support
(by means of number of different repositories the fix needs to go though)

Fixed in rbovirt-0.1.4

#7 - 10/27/2017 08:24 PM - Marek Hulán

- Status changed from Closed to New

Reopening, Ivan I don't see any commit that would bump our rbovirt requirementes. Also in our repos, there's still rbovirt 0.1.3. I suppose it should be
bumped to consider this issue fixed.

#8 - 03/31/2018 04:46 PM - Anonymous

what's the status here?

#9 - 07/10/2018 10:14 AM - Ivan Necas

- Status changed from New to Closed

- Triaged set to No

Already fixed.

#10 - 07/11/2018 12:27 PM - Marek Hulán

- Fixed in Releases 1.17.2 added

I see 0.1.4 is in 1.17 repos, setting the version accordingly.
