

Foreman - Bug #20622

Puppet reports recalculate all statuses

08/17/2017 04:47 AM - Lukas Zapletal

Status: Closed	
Priority: Normal	
Assignee: Lukas Zapletal	
Category: Importers	
Target version: 1.15.4	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link: 1482204	Red Hat JIRA:
Pull request: https://github.com/foreman/foreman/pull/4749	
Description	
It appears that puppet reports cause all statuses to be updated: https://github.com/foreman/foreman/blob/develop/app/services/report_importer.rb#L42 On a heavily loaded system this could mean this is being called 100s of times per second. This is a fairly slow operation to be doing when not necessary. Puppet reports should only refresh statuses that are relevant to them.

History

#1 - 08/17/2017 05:20 AM - Marek Hulán

I agree, [Host::Managed#refresh_statuses](#) is being used from many places (report import, openscap report import and I can imagine other plugins too). Maybe it should accept set of statuses that were changed and should be refreshed. Btw Justin was looking into this recently too.

#2 - 08/17/2017 05:27 AM - The Foreman Bot

- Status changed from New to Ready For Testing
- Assignee set to Lukas Zapletal
- Pull request <https://github.com/foreman/foreman/pull/4749> added

#3 - 08/23/2017 10:55 AM - Lukas Zapletal

- translation missing: en.field_release set to 287

Requesting 1.15 as well.

#4 - 08/24/2017 05:01 AM - Lukas Zapletal

- Status changed from Ready For Testing to Closed
- % Done changed from 0 to 100

Applied in changeset [be6706162e9705611827aa0a8e875a9f3175d2e9](#).
