Can you give more information about your environment? How many hosts do you have, etc?

#### #2 - 01/02/2013 04:14 PM - Alexander Litvinenko

It's not production env., first attempts with puppet and foreman.  
  
debian squeeze, foreman 1.1 nightly from deb repo., puppet 3.0.2, ~20 hosts.  
  
Problem appear when i deleted some classes from foreman by hands.
