Foreman - Bug #2092

Create host: no freeip suggestion when Subnet description contains parentheses

01/02/2013 03:25 PM - Mikael Fridh

Description

Example subnet name: Cabinet 4717 (corp/dev) - when the subnet has this description - the spinner never starts and the "POST freeip" browser request never gets sent to Foreman.

- % Done changed from 0 to 90

pullrequested: https://github.com/frimik/foreman/commit/b6769a4f31e64c9e55b4066f43f9858c44147426

should be good to go, see no reason why that new regex wouldn't work. Allow all characters and by means of greedy matching it should strip everything except the last paren group - being the (ip/mask) string.
