<b>Description</b>	
On Foreman 1.1, ecb227822e3f2d3bdafab97a2f1b262a9cf4045a.	
Using Firefox 17.0.1, the New Location and New Organization buttons in the user dropdown menu don't work - nothing happens when you click on the button or the text. They work correctly in Chrome.	
The button/anchor construct used doesn't seem to work in Firefox:	
<pre>&lt;button type="button"&gt;&lt;a href="http://theforeman.org&amp;quot;&amp;gt;new location&lt;/a&gt;&lt;/button&gt;</pre>
