Category: Templates	
Target version: 1.2.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>Safemode appears to be broken after my upgrade from RC1 to RC4. RC4 was unable to render my provisioning template with the following error:</p>	
<pre>There was an error rendering the FC-RHEL6-Kickstart template: compile error /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:55: syntax error, unexpected tNEQ ...jail.concat((@osver.to_jail.!=(3) and if @osver.to_jail.!=(4... ^ /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:55: syntax error, unexpected tNEQ ...!=(3) and if @osver.to_jail.!=(4) then ^ /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:55: syntax error, unexpected kTHEN, exp ecting ')' /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:57: syntax error, unexpected kELSE, exp ecting ')' /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:59: syntax error, unexpected kEND, expe cting ')' end).to_jail.to_s) ^ /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:60: syntax error, unexpected tIDENTIFIE R, expecting ')' _erbout.to_jail.concat("\nbootloader ... ^ /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:68: syntax error, unexpected tNEQ _erbout.to_jail.concat((if @osver.to_jail.!=(3) then ^ /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:68: syntax error, unexpected kTHEN, exp ecting ')' /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:70: syntax error, unexpected kEND, expe cting ')' end).to_jail.to_s) ^ /usr/lib/ruby/gems/1.8/gems/safemode-1.1.0/lib/safemode.rb:71: syntax error, unexpected tIDENTIFIE R, expecting ')' _erbout.to_jail.concat("network --bootproto ") ^</pre>	
<p>Disabling Safrmode in Settings->Provisioning allowed the template to render properly.</p>

Would it be possible to see the template/snippet of the template that triggered the exception?
