<b>Description</b>	
Platform: Fedora 17, Ruby 1.9.3, git checkout of master (~1.1RC4)	
When saving a host with no template selected on the operating system, an extra set of quotes and square braces are seen around the error message - see the attached screenshot.	
This may be a Ruby 1.9 issue, Array#to_s changed in 1.9 to include the [".."] even if there's a single element.
