Description

Hi,
we recently upgraded foreman from 1.13.0 -> 1.14.3
everything is working as expected except few glitches with passenger

[root@foreman ~]# /opt/theforeman/tfm/root/bin/passenger-status
/opt/rh/rh-ruby22/root/usr/bin/ruby: error while loading shared libraries: libruby.so.2.2: cannot open shared object file: No such file or directory

History

#1 - 10/03/2017 11:39 AM - Ivan Necas

Is this box managed by installer? Was the foreman-installer run after the upgrade?

#2 - 10/04/2017 11:36 AM - Bhanu Prasad Ganguru

No, we're not using foreman-installer

I updated foreman and plugins repo to pull rpms from 1.14 and ran the following command

yum upgrade tfm* ruby* foreman*

and ran some rake commands as recommended in foreman upgrade guide

Bhanu
