

Packaging - Bug #21188

rpm for foreman-plugin "foreman_datacenter"

10/04/2017 04:50 AM - Denis Müller

Status:	Closed	
Priority:	Normal	
Assignee:	Ewoud Kohl van Wijngaarden	
Category:	RPMs	
Target version:		
Difficulty:	medium	Fixed in Releases:
Triaged:	No	Found in Releases: 1.5.3
Bugzilla link:		Red Hat JIRA:
Pull request:	https://github.com/theforeman/foreman-packaging/pull/2336	
Description		
It would be great if we can get this plugin as an rpm-package, can somebody build it? Or maybe somebody can give me a hint how i can build it by myself?		

History

#1 - 10/04/2017 05:03 AM - Ewoud Kohl van Wijngaarden

I recall talking about this back at cfgmgtcamp.

<https://github.com/theforeman/foreman-packaging/blob/rpm/develop/README.md#howto-create-a-new-core-package-or-dependency-gems> describes the process pretty well. If you're stuck, it might be easier to just submit a PR with [WIP] in the title, describe how far you've gotten and where you are stuck.

There is already a gem for "datacenter-plugin", but the "foreman-documentation" does not recommend to install plugins via gems:

<https://theforeman.org/plugins/>.

We do use them as the basis in the packaging of RPMs so it's good the gem is on rubygems. A lot of the packaging works uses that. Also feel free to join #theforeman-dev on freenode if you have questions.
