- Status changed from New to Resolved

This is possible since Foreman 1.5, see puppet settings - default organization. Also this was solved in [#3214](#)

Closing, please let me know if I misunderstood.

#2 - 10/23/2017 01:44 PM - Emilio Ampudia

Yes, in 1.5 you can set one default organization, but I was thinking on rules to assign organization depending on domain, or IP, or other factor.

#3 - 10/23/2017 02:34 PM - Marek Hulán

There is the custom fact you could use, I suppose it could be also set to domain. It would be valid request though to be able to specify rules like "example.com" and "example.org" both maps to org "My company". If that's what you had in mind, I'll reopen.

#4 - 10/23/2017 02:43 PM - Emilio Ampudia

Yes, that is my request.

Thank you Marek.
