Pull request:	
Description	
Would be great to add the free space on each datastore proposed by the VMware host in order to let the user do the best choice.

Free space AND provisioned space please

#2 - 02/28/2014 10:56 AM - Benjamin Papillon

- Related to Bug #4159: Thin provisioning for VMware disks in compute profiles can't be saved added

#3 - 02/28/2014 10:59 AM - Dominic Cleal

- Is duplicate of Feature #3683: display free and available space in vSphere datastore selection added

#4 - 02/28/2014 10:59 AM - Dominic Cleal

- Is duplicate of Feature #4276: display provisioned space in vSphere datastore selection added

#5 - 02/28/2014 10:59 AM - Dominic Cleal

- Status changed from New to Duplicate

Implemented in 1.4 via [#3683](#), and provisioned space in 1.5 via [#4276](#).
