

Foreman - Bug #2193

Wrong parenthesis used at hosts.rb

02/09/2013 07:37 PM - Dennis Hoppe

Description	
Hello,	
i am using Foreman 1.1 with PostgreSQL 9.1 as database backend and the link "All Puppet Classes" is throwing the following SQL Error:	
<pre>PG::Error: FEHLER: Spalte »Class« existiert nicht LINE 1: ...s" WHERE ("resources".host_id = 7) AN D (restype = "Class" AN... ^ : SELECT title FROM "resources" WHERE ("resources".host_id = 7) AND (restype = "Class" AND title != "main" AND title != "Settings") ORDER BY title</pre>	
<pre>ActiveRecord::StatementInvalid PG::Error: FEHLER: Spalte »Class« existiert nicht LINE 1: ...s" WHERE ("resources".host_id = 7) AN D (restype = "Class" AN... ^ : SELECT title FROM "resources" WHERE ("resources".host_id = 7) AND (restype = "Class" AND title != "main" AND title != "Settings") ORDER BY title app/models/host.rb:606:in `classes_from_storeconfigs' app/views/hosts/storeconfig_klasses.html.erb:6:in `_app_views_hosts_storeconfig_klasses_html_erb__ _1446665967_70110018225800_0' lib/foreman/thread_session.rb:31:in `clear_thread'</pre>	
You should change the parenthesis at "/usr/share/foreman/app/models/hosts.rb" to make this work with PostgreSQL.	
<pre>root@puppet:/usr/share/foreman/app/models# diff -Naur host.rb_2013-02-08 host.rb --- host.rb_2013-02-08 2013-02-08 17:06:27.822667417 +0100 +++ host.rb 2013-02-08 17:09:03.725967925 +0100 @@ -603,7 +603,7 @@ end def classes_from_storeconfigs - klassen = resources.all(:conditions => 'restype = "Class" AND title != "main" AND title != "S ettings"', :select => :title, :order => :title) + klassen = resources.all(:conditions => "restype = 'Class' AND title != 'main' AND title != 'S ettings'", :select => :title, :order => :title) klassen.map!(&:title).delete(:main) klassen end</pre>	
Regards, Dennis

Dennis,

Can you check if this fixes the SQL Error?

```
classes = resources.select(:title).where(:restype => "Class").where("title <> ? AND title <> ?", "main", "Settings").order(:title)
```

I also issued a pull request with this fix - <https://github.com/foreman/foreman/pull/404>

Thanks,

Joseph

Hello Joseph,

i tested your code and it fixed the SQL Error.

Regards, Dennis
