

Foreman - Bug #2198

Unable to install new hosts with regular users

02/12/2013 05:18 AM - Samuli Heinonen

Status: Closed	
Priority: High	
Assignee: Dominic Cleal	
Category: Users, Roles and Permissions	
Target version: 1.2.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
<p>User without admin privileges isn't able to install new hosts with Foreman. New host form opens as expected but nothing happens when user tries to select "Deploy on", "Environment", "Host group", "Domain" etc. Following message is displayed in log files when selecting domain name to be used:</p>	
<pre>--- Started POST "/hosts/domain_selected" for x.x.x.x at Thu Feb 07 12:15:09 +0200 2013 Processing by HostsController#domain_selected as Parameters: {"domain_id"=>"11", "organization_id"=>"2"} User Load (0.2ms) SELECT `users`.* FROM `users` WHERE `users`.`id` = 3 LIMIT 1 Setting current user thread-local variable to user Setting Load (0.2ms) SELECT `settings`.* FROM `settings` WHERE `settings`.`name` = 'authorize_login_delegation' ORDER BY LOWER LIMIT 1 CACHE (0.0ms) SELECT `settings`.* FROM `settings` WHERE `settings`.`name` = 'authorize_login_delegation' ORDER BY LOWER LIMIT 1 TaxableTaxonomy Load (0.3ms) SELECT DISTINCT `taxable_taxonomies`.taxonomy_id FROM `taxable_taxonomies` WHERE (`taxable_taxonomies`.taxable_id = 3 AND `taxable_taxonomies`.taxable_type = 'User') SQL (0.2ms) SELECT COUNT() FROM `taxonomies` WHERE `taxonomies`.`type` = 'Organization' AND ((taxonomies.id in (1,2))) Organization Load (0.3ms) SELECT `taxonomies`. FROM `taxonomies` WHERE `taxonomies`.`type` = 'Organization' AND ((taxonomies.id in (1,2))) ORDER BY type, name LIMIT 1 Setting current organization thread-local variable to organization Role Load (0.2ms) SELECT `roles`.* FROM `roles` INNER JOIN `user_roles` ON `roles`.id = `user_roles`.role_id WHERE ((`user_roles`.user_id = 3)) Rendered common/403.rhtml (0.8ms) Completed 403 Forbidden in 46ms (Views: 4.1ms ActiveRecord: 3.3ms) -- Installing new hosts works if user is granted administrator privileges. We have hit this issue on clean Foreman 1.1 and also on Foreman 1.1 that was upgraded from 1.0.2.</pre>

Revision e0d9186e - 02/13/2013 02:59 AM - Dominic Cleal

fixes #2198 - add AJAX routes to existing permissions to fix non-admin UI

In 2ac3af69, the automatic authorization of XMLHttpRequests was removed for security reasons, however the controller actions need associating with specific permissions for non-admin users to use the UI.

This adds a test that will fail by default if new routes are added with no permission that grants access.
