<b>Description</b> <a href="https://docs.pulpproject.org/plugins/pulp_rpm/tech-reference/yum-plugins.html#yum-importer">https://docs.pulpproject.org/plugins/pulp_rpm/tech-reference/yum-plugins.html#yum-importer</a> Yum importer offers a "skip" option to skip certain content types. Theory is that we may use this to skip srpms in the future. So as a Runcible User I want to be able to skip certain content types.
