Description

When you preview coreos provision template, it renders an error: "There was an error during rendering, return to the Code tab to edit the template."

Looking at the logs reveals:

```
2018-03-26T09:59:36 7c9264d0 [app] [W] Error rendering the CoreOS provision template

Revision 8ae9d962 - 03/26/2018 09:05 AM - Tomer Brisker

Fixes #23012 - allow OS release in safemode

This is needed for CoreOS provisioning templates.
