Foreman - Bug #23440

API - Removing puppetclasses can't use friendly

04/29/2018 11:11 AM - Iain Walmsley

Status:	Closed		
Priority:	Low		
Assignee:	Iain Walmsley		
Category:	API		
Target version:			
Difficulty:	trivial	**Fixed in Releases:**	1.24.0
Triaged:	No	**Found in Releases:**	Nightly
Bugzilla link:		**Red Hat JIRA:**	
Pull request:	https://github.com/theforeman/foreman/pull/5520		

Description

With #22747 there's now validation on addition of Puppeclasses with the API which also allows use of friendly which is incredibly useful. On deletion however this was omitted (also means you aren't able to ascertain with the API response that you have, in-fact, tried to delete a valid puppetclass).

Should be able to do something like this;

-X DELETE https://foreman/api/v2/hosts/testhost/puppetclass_ids/ntp

or, indeed

-X DELETE https://foreman/api/v2/hosts/testhost/puppetclass_ids/invalid_class
response = Error
