- *Difficulty set to easy*

Which version of puppet are you running? Could you try this on 3.7 RC or current nightly? This should have been fixed in [#23470](#).

#5 - 06/28/2018 09:29 AM - Ales Dujicek

I used what is in nightly install instructions

<https://theforeman.org/plugins/katello/nightly/installation/index.html#required-repositories>

And I do not see that error in current nightly anymore.

#6 - 07/11/2018 06:19 PM - Justin Sherrill

- *Status changed from New to Rejected*

- *Target version changed from Katello 3.7.0 to Katello Recycle Bin*

- *Triaged set to No*

Closing, let us know if you see it again. Thanks!
