Target version: 1.2.0	
Difficulty: medium	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description We need i18n support. The task is: <ul style="list-style-type: none">• extract strings from app• extract strings from views• extract strings from javascript• make it working• integrate with Transifex• integrate in the packaging• improve current gettext initialization code• create an option in settings.yml which will help out finding untranslated UI strings• announce There is already initial support of gettext in the develop branch, the goal would be to improve it a bit.

Revision c4da9ff7 - 04/24/2013 08:58 AM - Lukas Zapletal

fixes #2368 - finishing transifex.com integration

History

#1 - 04/04/2013 06:06 AM - Lukas Zapletal

The task is:

- extract strings from app
- extract strings from views
- extract strings from javascript
- integrate with Transifex
- integrate with Zanata
- integrate in the packaging
- improve current gettext initialization code
- create an option in settings.yml which will help out finding untranslated UI strings
- create policy checker for extracted strings

TODO:

- turn off fuzzy warnings
- incorporate spanish translation — <https://github.com/el-obato/foreman/blob/23d083b16850694f00d07ead3f14e58832723081/locale/es/app.po>
- app/models/host/managed.rb: "Pending Installation" — all these should be translated (check)
- Bryan translated some exception names e.g. raise _("Must provide an operating systems") — this must not be translated — double check
- few "*" ... "*" untranslated (ERB)
- come up with exception handling (with error codes?)
- vim app/models/*/*.rb
- dashboard overview → Active, "No report" or "Pending changes" are symbols (investigate)
- smart proxy features like "Puppet" or "Puppet-CA" should not be translated as it is used in SQL queries (double check)
- consider <http://www.yotabanana.com/hiki/ruby-gettext-howto-rails.html#Untranslation+option> or

content moved

#3 - 04/08/2013 07:37 AM - Lukas Zapletal

- % Done changed from 10 to 40

#4 - 04/10/2013 05:09 AM - Lukas Zapletal

- % Done changed from 40 to 80

#5 - 04/15/2013 08:38 AM - Dominic Cleal

- Category set to *Internationalization*

Created a new category as I think we'll be revisiting this.

#6 - 04/16/2013 08:11 AM - Lukas Zapletal

- Category deleted (*Internationalization*)

- % Done changed from 80 to 100

Done with UI testing, tests are green, merging Dominnic branch and we are ready.

#7 - 04/24/2013 05:48 AM - Ohad Levy

- Category set to *Web Interface*

- Status changed from *Assigned* to *Closed*

- Target version set to *1.2.0*
