Description

Add a subscriptions details page based on the old angular page with the following changes (quoted from Rox):

- We might want to add the new fields for Entitlements
- Also change - "Virt-Who Usage Required" to "Requires Virt-Who" to match the table label

Screenshot of existing page follows:

Fixes #23687 - Adds subscription details page

This rewrites the subscription details page in React. Links in the
main subs table will used this page. There will be a follow-up change
for the Product Content tab.
