

Katello - Bug #23778

docker v2 api - pull_manifest not setting Docker-Content-Digest response header

06/01/2018 02:40 PM - Thomas McKay

Status: Closed	
Priority: Normal	
Assignee: Thomas McKay	
Category: Container	
Target version: Katello 3.8.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request: https://github.com/Katello/katello/pull/7414	
Description running "docker pull" first calls the pull_manifest method which is a pass-through to crane. The response header should include the proper value in Docker-Content-Digest
