

## Katello - Bug #23837

### Content View is not updated on Content Host when change is made via Hosts / All Hosts <Edit option>

06/06/2018 12:51 PM - Andrew Kofink

<b>Status:</b> Closed	
<b>Priority:</b> High	
<b>Assignee:</b> Andrew Kofink	
<b>Category:</b> Hosts	
<b>Target version:</b> Katello 3.6.1	
<b>Difficulty:</b>	<b>Fixed in Releases:</b>
<b>Triaged:</b> Yes	<b>Found in Releases:</b>
<b>Bugzilla link:</b> 1566825	<b>Red Hat JIRA:</b>
<b>Pull request:</b> <a href="https://github.com/Katello/katello/pull/7427">https://github.com/Katello/katello/pull/7427</a>	
<b>Description</b>	
Cloned from <a href="https://bugzilla.redhat.com/show_bug.cgi?id=1566825">https://bugzilla.redhat.com/show_bug.cgi?id=1566825</a>	
<b>Description of problem:</b> Customer normally update the CV via Hosts - All Hosts - Edit on the Content Host row - <Select the cv> - Submit. After this change the new info still on this page and if we check on Hosts - Content Hosts - <Content Host details page> - CV we can confirm the information was updated BUT on the Content Host indeed the value still the same, after execute subscription-manager identity we can see the value still unchangeable, executing the command subscription-manager refresh didn't do difference, still the same.  Attention point is, this works as explanation above until Katello 3.0, on Katello 3.4 this doesn't work anymore.	
<b>Version-Release number of selected component (if applicable):</b> 3.4	
<b>How reproducible:</b> 100%	
<b>Steps to Reproduce:</b> 1. According explanation above and I'll do a complete description on the sequence 2. 3.	
<b>Actual results:</b> On the Content Host still the same Environment name, then as consequence customer change the CV but this is not reflected on the Content Host indeed.	
<b>Expected results:</b> See the CV name on the "Environment name" when executing subscription-manager identity and as consequence see the new content from repo/cv.	
<b>Additional info:</b>
