Associated revisions

Revision 30aa03f4 - 06/14/2018 09:08 AM - Adam Ruzicka

Fixes #23932 - Fixes failing application job tests for some plugins

The tests were failing with:
Sequel::DatabaseError: PG::DuplicateTable:
ERROR: relation "dynflow_execution_plans" already exists

This failure was probably caused by forcing initialization of the
Dynflow world in a before test block.
