Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1590387
Description of problem:
In content host filter when we search by subscription_id and select all the content hosts from the result and try to perform Manage Subscription from select action drop-down, Error is thrown - " Field 'subscription_id' not recognized for searching!"

Steps to Reproduce:
1. Go to satellite web UI > Hosts > Content Host.
2. In search filter type "subscription_id = X"
3. From the results select all the hosts.
4. Click on Select action > Manage Subscription
5. Pop-up will show an error Field 'subscription_id' not recognized for searching!

Actual results:
Error - Field 'subscription_id' not recognized for searching!

Expected results:
Should able to manage the subscriptions of the content host.

Revision 7a355320 - 08/09/2018 04:49 PM - Walden Raines

Fixes #23992: fix error on CH subscriptions modal.

Fix the search error on the content host subscriptions modal by
delaying the loading of the nutupane until the search key is set.
