

Katello - Feature #24075

System Purpose P1, P2

06/26/2018 12:26 PM - Jonathon Turel

Status: Closed	
Priority: Normal	
Assignee: Jonathon Turel	
Category:	
Target version: Katello 3.9.0	
Difficulty:	Fixed in Releases:
Triaged: Yes	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description System Purpose aims to improve the efficiency of Red Hat subscription auto-attach by allowing users to specify a set of attributes (Primary Offering, Usage, SLA, Addons) on their systems. The presence of these attributes will ensure that the most appropriate subscriptions are bound through auto-attach. When none of the attributes are set the auto-attach will be consistent with today.
