Description

With this pulp commit
https://github.com/pulp/pulp/commit/796b83fb8a5e4fd9a1c13248df0ce284df27af5f
one can individually set the ca-path for the katello ensure sync notifier.

We now need an upgrade task that will set the ca-path to -> SETTINGS[:katello][:pulp][:ca_cert_file]

Fixes #24083 - Set ca-path on sync notifier

This commit updates the pulp sync notifier to use a specific ca-bundle
when connecting to katello. This change is to be used in conjunction
with the fix for https://pulp.plan.io/issues/3780

I believe that I still see this issue in Katello 3.10.0. I notice that the code added in pull request https://github.com/Katello/katello/pull/7478 was removed again by https://github.com/Katello/katello/pull/7646.
