Katello - Bug #24126

Manifest upload UI status bleeds into other orgs

07/02/2018 11:53 AM - Tomáš Strachota

Status:	Closed		
Priority:	Normal		
Assignee:	Amir Fefer		
Category:	Subscriptions		
Target version:	Katello 3.9.0		
Difficulty:		**Fixed in Releases:**	
Triaged:	Yes	**Found in Releases:**	
Bugzilla link:	1596885	**Red Hat JIRA:**	
Pull request:	https://github.com/Katello/katello/pull/7621		

Description

Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1596885

Description of problem:
When uploading a manifest in an Org, and then switching to another org to do the same, user is greeted with the manifest upload status bar from the previous org.

Version-Release number of selected component (if applicable):
6.4.0 snap 10

How reproducible:

Steps to Reproduce:
1. Create two orgs, "Org ABC" and "Org 123"
2. Switch to Org ABC
3. Content > Subscriptions > Manage Manifest
4. Upload Manifest; observe the expected status bar UI
5. While manifest is uploading, switch to Org 123
6. Content > Subscriptions > Manage Manifest

Actual results:
The "Uploading %" status UI from the first org appears on the page of the second org.

Expected results:
There should be no evidence of what's going on in one org, in a separate one. Org manifest handling should be wholly independent and opaque across orgs.
