

Katello - Bug #24142

Subscriptions page is blank when switching between Orgs

07/03/2018 11:17 AM - Tomáš Strachota

Status:	Closed	
Priority:	Normal	
Assignee:	Amir Fefer	
Category:	Subscriptions	
Target version:	Katello 3.7.0	
Difficulty:		Fixed in Releases:
Triaged:	Yes	Found in Releases:
Bugzilla link:	1597082	Red Hat JIRA:
Pull request:	https://github.com/Katello/katello/pull/7518	
Description Cloned from https://bugzilla.redhat.com/show_bug.cgi?id=1597082 Description of problem: When user is on Subs page and switches Orgs, the page is not properly refreshed. user is left with a blank page. Version-Release number of selected component (if applicable): 6.4.0 snap 10 How reproducible: Steps to Reproduce: 1. Create an org other than Default Org (e.g., Org 123) 2. Upload manifests to both Default org and Org 123 3. Navigate to the Subscriptions page for one of these orgs; assure page renders. 4. Using the Org switcher, choose the other org. Actual results: User is given a blank page. Expected results: Subscriptions page is reloaded with the proper org context. Additional info: The workaround is of course to navigate back to the Subs page via the UI. But as it exists right now, it feels very janky.

- Target version set to 219

~~This is highly related to <https://projects.theforeman.org/issues/22568> and both issues share the same root cause. But there are some changes necessary on both subscription and repositories page so I'm keeping the issues separate.~~

Disregard this comment I got lost in this know of issues :/
