Description

Provisioning a new host with bond interface without domain and subnet failed with undefined method `vlanid' for nil:NilClass

Error when we try to render the Provisioning template:

"There was an error rendering the Satellite Kickstart Default template: ERF42-7327 [Foreman::Exception]: The snippet 'kickstart_ifcfg_generic_interface' threw an error: undefined method `vlanid' for nil:NilClass"

Foreman production log trace:

```
