## Associated revisions

### Revision f968c042 - 07/05/2018 10:00 AM - Marek Hulán

Fixes #24158 - fix cloning of roles

Roles that contains filters without permissions could not be cloned. In UI, user did not even get any error message, API responded with 422 at least.

---

## History

### #1 - 07/04/2018 03:26 PM - Marek Hulán

- Subject changed from *Unable to clone Organization admin role* to *Unable to clone Organization admin role*
- Priority changed from *High* to *Normal*

### #2 - 07/04/2018 03:33 PM - Marek Hulán

- Assignee set to *Marek Hulán*
- translation missing: *en.field\_release* set to *330*

this makes cloning of roles unusable when there's a filter without permissions (e.g. plugins removed some permissions), the easy solution is to ignore empty filters on clone, long term (after branching) we should think of cleaning such filters

I propose to 1.18.0 or 1.18.1 if the fix won't make it in on time, please reset if you disagree

### #3 - 07/04/2018 03:33 PM - The Foreman Bot

- Status changed from *New* to *Ready For Testing*
- Pull request <https://github.com/theforeman/foreman/pull/5775> added

### #4 - 07/05/2018 11:01 AM - Marek Hulán

- Status changed from *Ready For Testing* to *Closed*
- % Done changed from *0* to *100*

Applied in changeset [f968c04292deb37d55fc02b8aae85e6a5072bf5a](#).

### #5 - 07/09/2018 06:25 AM - The Foreman Bot

- Pull request <https://github.com/theforeman/foreman/pull/5788> added
