

Foreman - Bug #24162

Problems with Fog-oVirt after update to Foreman-1.18RC3

07/05/2018 09:00 AM - Joop van de Wege

Status:	Closed	
Priority:	Normal	
Assignee:	Tomer Brisker	
Category:	Packaging	
Target version:	1.18.0	
Difficulty:		Fixed in Releases: 1.18.0
Triaged:	No	Found in Releases: 1.18.0-RC3
Bugzilla link:		Red Hat JIRA:
Pull request:	https://github.com/theforeman/foreman-packaging/pull/2726	
Description I have upgrade my test env to FM-1.18-RC3 and now I can't create any VM anymore using my oVirt-4.2.4 environment. The following error is thrown: 2018-07-05T10:42:31 [I app f694e] Current user: admin (administrator) 2018-07-05T10:42:31 [I app f694e] Rendered compute_resources_vms/form/ovirt/_base.html.erb (70.2ms) 2018-07-05T10:42:31 [I app f694e] Rendered hosts/_compute_detail.html.erb (76.5ms) 2018-07-05T10:42:31 [I app f694e] Rendered hosts/_compute.html.erb (249.1ms) 2018-07-05T10:42:31 [W app f694e] Failed to render compute resource template ActionView::Template::Error: undefined method `sockets' for #<Fog::Compute::Ovirt::Server:0x00000000097e9e98> /opt/theforeman/tfm-ror51/root/usr/share/gems/gems/actionview-5.1.6/lib/action_view/helpers/tags/base.rb:40:in `public_send' system is up to date as of 5-7-2018 and restarted for good measure.		

History

#1 - 07/05/2018 09:11 AM - Tomer Brisker

- translation missing: en.field_release set to 330

Thanks for testing RCs and reporting! marking for 1.18.0 inclusion

#2 - 07/05/2018 09:16 AM - Tomer Brisker

- Category changed from Compute resources - oVirt to Packaging

Looks like for some reason fog-ovirt in the 1.18 repo is still at version 1.0.3, when it should be 1.0.4 to support sockets.

#3 - 07/10/2018 10:16 AM - Tomer Brisker

- Status changed from New to Closed

- Assignee set to Tomer Brisker

- Pull request <https://github.com/theforeman/foreman-packaging/pull/2726> added

- Fixed in Releases 1.18.0 added

Should be fixed in packaging for 1.18.0.
