| Triaged: Yes | Found in Releases: |
| Bugzilla link: | Red Hat JIRA: |
| Pull request: https://github.com/Katello/katello/pull/7665 | |
| Description As a user I can view, set and modify the system purpose attributes of my host through the UI so that auto-attach can bind the best available subscriptions | |
| Acceptance Criteria <ul style="list-style-type: none">• UI should reflect wireframes, if any• system purpose attributes can be set on an existing host• system purpose attributes can be set to nil values (they are not required)• system purpose attributes are derived from Candlepin | |
