Description

Reproduce:
Have some OSTree repositories provided by subscriptions in the current organization
Navigate to RH Repos page
Select "OSTree" from the filter dropdown

Expected:
OSTree repositories are shown. Perhaps the following query?

```
GET "/katello/api/v2/repository_sets?organization_id=1&per_page=20&search=((label+~+ostree))"
```

Actual:

```
GET "/katello/api/v2/repository_sets?organization_id=1&per_page=20&search=((name+~+ostree))"
```

Revision 54437044 - 07/20/2018 03:31 PM - Partha Aji

Fixes #24188 - Filter by OSTree on RH Repos

This commit corrects the 'scope search' parameter
used by the "Filter by" dropdown on the RH Repos page
to search OSTree and other content types.
