

Foreman - Bug #2486

Fact values importer recreating all values in the database

05/10/2013 07:39 AM - Dominic Cleal

Status: Closed	
Priority: Normal	
Assignee: Dominic Cleal	
Category: Facts	
Target version: 1.2.0	
Difficulty:	Fixed in Releases:
Triaged:	Found in Releases:
Bugzilla link:	Red Hat JIRA:
Pull request:	
Description	
When uploading facts via /fact_values/create, a large number of database inserts are made as it's deleting all existing associated fact_values and inserting new ones. By design it should only be deleting changed values, then inserting the new ones.
